

How To

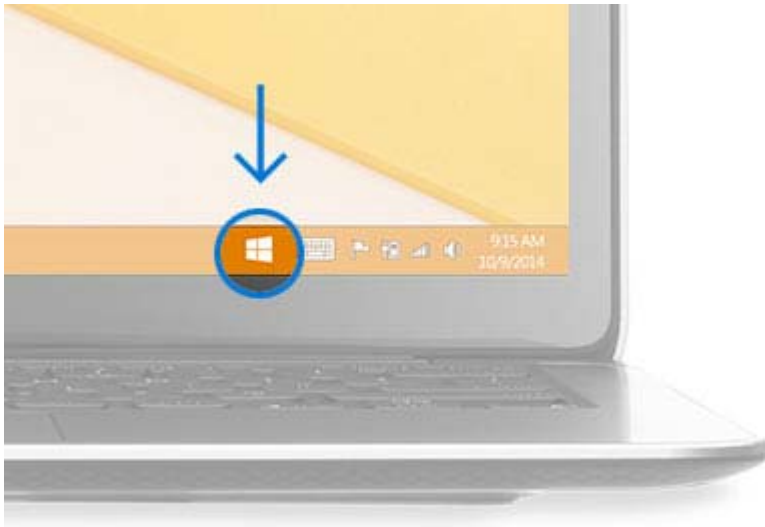

Windows 10

Free Upgrade

There is a free upgrade to Windows 10 for all Windows 7 and 8 users. Firstly you need to reserve your upgrade.

You can reserve your free upgrade in the Get Windows 10 App:

1 Click on the small Windows icon located at the right end of the taskbar.

2 Click "Reserve your free upgrade" in the app window.

3 Enter your email if you want confirmation of this reservation.

4 All set. There's no obligation and you can cancel your reservation at any time.

You have 1 yr to install this upgrade and our advice would be not to rush it. We anticipate there to be teething problems that will be ironed out with updates.
