

How to find out how much space have used on your pc

When you install apps or download images to your PC, they take up space in your hard drive.

You can check the amount of free space on your to make sure the computer will not run out of room. We'll show you how to do it, It just takes a few steps.

1. Open File Explorer. You can use the [keyboard shortcut](#), **Windows key + E** or tap the folder icon in the taskbar.
2. Tap or click **This PC** from the left pane
3. You can see the amount of free space on your hard disk under the Windows (C:) drive
